Provencher & Company Acquires H.G. Busby & Associates, LLC

Hammond, LA – October 11, 2013 – Provencher & Company, LLC announced today the acquisition of H.G. Busby Associates, LLC, a Georgia based accounting firm, specializing in forensic accounting and litigation support services. The firm is noted for forensic investigations involving the measurement and documentation of economic damages. The addition of H.G. Busby Associates to Provencher & Company’s already successful Business Interruption Unit enhances the breadth of services they can offer to their insurance clients.

“The combined talent and experience offered within H.G. Busby & Associates and Provencher & Company enables us to handle most forms of commercial losses by providing our clients with highly trained and credentialed professionals, including CPAs, certified valuation analysts and certified fraud examiners. This combined with our experience on the insurance side of loss management offers unique and comprehensive loss investigation and accounting services to our clients” said Jerry Provencher, CEO and Executive General Adjuster.

Along with the acquisition of H.G. Busby Associates, Provencher & Company has added Harvey Busby, Jr., CPA, CVA to their compliment of forensic accounting specialists. “We are very pleased that Harvey has chosen to join our firm. He has a wealth of experience our clients will appreciate”, added David Kurland, President.

Provencher & Company is a nationwide provider of outsourced property and liability claims solutions. We support innovative, comprehensive claims solutions to the specific needs of our clients who include insurance companies, MGAs, wholesalers, E&S markets, reinsurance companies, Lloyds and law firms. Provencher & Company maintains their national claims center in Hammond, Louisiana.
