Provencher & Company Purchases Office Building in Hammond, LA

Hammond, LA – July 12, 2013 – Provencher & Company is pleased to announce the purchase of the building at 1000 CM Fagan Drive, in Hammond Louisiana that houses their National Claim Center. Following this purchase was a building renovation project that included dramatically expanding the square footage used by Provencher. Installation of a new phone system offering more features and flexibility to provide enhanced customer service to callers and they have run buried fiber optics which is now providing uncompromised internet speed and reliability. As Hammond, LA is vulnerable to windstorms and loss of power, they have also invested in a whole building generator. “We are thrilled to enhance our position as a corporate citizen supporting the Hammond Louisiana community through the purchase of our office building and increased staffing. This decision was made as a result of our rapid growth, particularly in our catastrophe and forensic accounting areas”, said David Kurland, President of Provencher and Company.

Provencher & Company is a nationwide provider of outsourced property and liability claims solutions. We support innovative, comprehensive claims solutions to the specific needs of our clients who include insurance companies, MGAs, wholesalers, E&S markets, reinsurance companies, Lloyds and law firms. Provencher & Company maintains their national claims center in Hammond, Louisiana.
