

Cyber Liability – GoTeam

A Full Lifecycle Approach

Provencher & Company offers our clients a full life-cycle approach to claims management, legal coaching and consultation, claims management and end to end cyber expertise. We're able to handle any size claim quickly and efficiently to minimize risk and execute on claims almost immediately. You need to respond immediately in an effort to reduce business interruption and financial impact.

The first 48 hours after an incident are critical to identifying, triage and containment of data loss for the insured. Our team of experts have deep experience in being on the ground and identifying risk as well as arranging action in conjunction with the insured and (insurer).

A Full Life Cycle Approach

- Our companies provide a holistic approach that includes the right team, at the right size, at the right time
- We have people that can handle any phase of cyber incident and help a company recover as quickly, and as legally, as possible
